On 24th December, 2019, Students of T.Y. B.Com Costing Specialization visited two industries- Milk processing industry and Sugar Factory to gain practical insights of 'processing' as a part of their Cost Accounting curriculum.

Kuthwal Foods Pvt. Ltd. has its factory at Andhalgaon, Shirur, Pune. The company makes its products under the brand 'Urja' broadly having three production lines- DAIRY, ICE CREAM AND SOFT DRINKS with many products under each product line. At the factory, students were taken in two batches by instructors and shown how raw material is acquired, stored and processed in order to get different products like flavoured milk, butter milk, ghee, paneer shrikhand and ice-cream. The instructors shared the cost of raw material and how it went on increasing at each stage of processing. The students were treated with flavoured milk by Kuthwal foods after the visit.

The visit concluded with an address by owner Mr. Prakash Kuthwal who answered students queries and shared his views on rural employment and healthy work force.

On their way back, the students visited, **Ghodganga Sahakari Sakhar Karkhana, Shirur**, to witness how the raw material-Sugarcane is processed into final product -Sugar; the seasonal nature of such industries, costs incurred for acquiring various resources and maintaining the huge factory.

The industry visit was an attempt to bridge the gap between theory and practice.

The organisation of this visit was handled by students. They were divided into committees handling different areas under the supervision of their subject teacher, Dr. Dimple Buche. The students learnt - planning, e-mail etiquettes, formal communication, team work, coordination, on spot decision making, leadership skills and professionalism.

Key takeaways:

- hygienic conditions and well organised production line starting with collection of milk, checking sample ,sterilising , packing, storing and finally transporting them to market.
- Digitization of system to check temperature of product, Mechanised packing.
 - Range of products : Multiple products like Milk, flavoured milk, curd, Buttermilk, ghee, paneer, butter and 15 flavours of Ice-cream and Soft drinks and mineral water – inhouse manufacturing of bottles and proper filtration.
- Owner of factory Mr. Prakash Kutwal in his address gave insight on increased rural employment opportunities and healthy work force.
- **The visit gave practical exposure of processing, centralised and de-centralized store, daily record keeping.**

On 27th Nov. 2019 F. Y. Marketing 'B' students along with Asst. Exhibitions on Scams in India

The BBA department organized an Exhibition on Scams in India on 21st August 2019. The purpose of the exhibition was to present the different scams that have happened in our country. Students analyzed the different scams of India and prepared charts displaying the background, the mechanism, the losses suffered and the different aspects pertaining to the scams. Over 14 scams were studied by the students in details. Some of them were: Roop Bhansali scam, Bofors scam, Punjab National Bank scam, Abhishek Verma arms deal scandal, Telgi scam, Adarsh Housing Society scam, Commonwealth Games scam, Fodder scam etc.

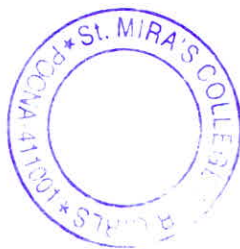

The students enthusiastically participated in the event and were able to lucidly explain the intricate aspects of the scams. It was an excellent learning opportunity and an enriching experience for the students. The students were further motivated and elated on receiving generous appreciation for their efforts from the Vice-Principal, Course Co-ordinator and the faculty members.

The event was conducted to promote sustainable development in your own way, and prove that the 3R's – reuse, reduce, recycle are the best strategies to make the most out of waste materials.

Everyday waste materials such as plastic, glasses, newspaper or electronics are not only waste of limited resources but also are harmful to the environment. The theme of this event was to “Unleash your creative skills within!” The event was held to basically bring creative ideas to students and help them reuse material for better tomorrow which would help in creating environmental consciousness among them, which is the need of the hour.

The event consisted of the following rules and regulations:

- Each team shall consist of four members.
- Participants will be given 1 hour and 30 min. to show their creativity and 2 minutes to talk about the same.
- The required waste material and stationery like scissor, thread, fevistik etc. should be brought by the participants.

'Lecture Series on Development Economics' has become a regular feature of the Economics Department. Since the last 3 years, guest lectures on "Development Experiences of India, China, Brazil and South Africa" are being conducted regularly by the department.

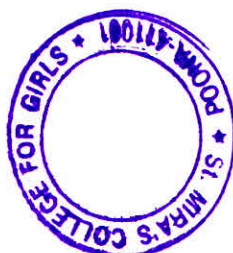

Lectures on 3rd and 6th February respectively. Guest speaker Ms. Arundhati Agate, accepted the invitation and delivered an audio-visual presentation about various issues – strengths and weaknesses of the economies of India, China, South Africa and Brazil. Lectures were started with the current scenario and macroeconomic data of India and China. She explained the historical development process of the given countries too. She

analysed and explained the country-specific development strategies. She touched upon many issues specific to those countries like 'licence raj' and economic reforms in India, Single child norm in China and its impact on the Chinese economy; the episodes of Inflation in Brazil and ultimately Apartheid in South Africa. Development experiences of India and China were covered on 3rd February and those of Brazil and South Africa were covered on 6th of February. Students of TYBA, TYBCOM and a few students of SYBA enjoyed the lecture series. The lecture series was arranged specifically for TYBA and TYBCOM students.
