BSC Computer Science
Mentoring Session 3

Date : 02 – 03 – 2022

Report

The mentoring session was conducted in the blended mode (offline + online) on 2nd March 2022.

1. The following topics were addressed and discussed:

- 1) Students were encouraged to share their concerns about current situation.
- 2) Students were guided to fill the student's feedback form and parent's feedback form. The links were shared with them. Students filled the student's feedback form in the session itself.
- 3) It was ensured that they filled the online anti ragging forms and they watched the videos also. Students were told to fill the form if it was not filled earlier due to any technical issues.
- 4) Students were also encouraged to share their queries related to academics if any.

2. Issues or problems shared by the students

- 1) **Social** : Current pandemic situation, its effects.
- 2) **Cognitive** : Network issues in case of online lectures and practicals do not help to link the subject. Offline classes are better for understanding.
- 3) **Emotional** : Students are little worried and stressed due to uncertainties, apprehension of offline exam and jobs in future.

3. Facilitator's response and suggestions:

The students were at ease in and relaxed after sharing their concerns with mentor. Students were motivated to avail different credit courses running in the college. The importance of positive feedback was explained to the students and students filled their feedback forms in the session itself. Also told them the importance of self motivation for overcoming current situation effects.

3. Outcome of the mentoring programme

- Increased comfort of students with the mentor and mentoring
- Identification of concerns faced by students on a day to day basis
- Improved understanding and awareness about their strengths, accomplishments and concerns

Mentoring Session 4 Report

Faculty Name : Gitanjali Phadnis

Date : 29-04-2022

The mentoring session was conducted in the blended mode (offline + online) on 29th April 2022.

1. The following topics were addressed and discussed:

- 1) Students were encouraged to share their concerns about current situation.
- 2) Students were informed that the examinations will take place in the offline mode and they were guided to get ready for it after 1 year of online teaching and learning process.
- 3) Students were encouraged to take the transition from online to offline examination positively.
- 4) Students were also encouraged to share their queries related to academics if any.
- 5) Students were guided for filling Subject and Teacher Feedback forms. The importance of filling feedback was explained to them.
- 6) The third year students were informed and encouraged to register for Alumni Association.

2. Issues or problems shared by the students

- 1) **Social** : Current pandemic situation, its effects.
- 2) **Cognitive** : Offline classes are better for understanding.
- 3) **Emotional** : Students are little worried about the transition from online to offline

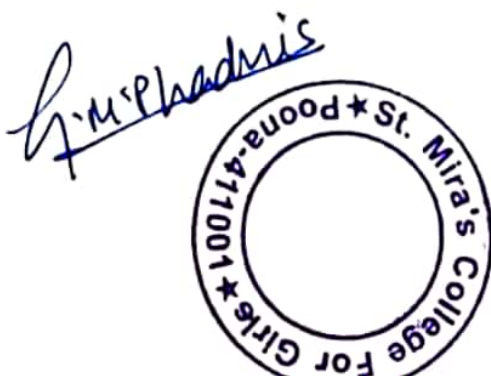

3. Facilitator's response and suggestions:

The students were happy to know that offline exam would be conducted.

The importance of positive feedback was explained to the students and students filled their feedback forms in the session itself. Students were pacified that if they need any extra help such as revision for offline exam, it would be available.

3. Outcome of the mentoring programme

- Students were comfortable to fill feedback forms and did the task happily.
- Students were happy to know about different kinds of ways teachers adopted for online teaching. That helped them a lot !
- Students were eager to join offline classes and appear for offline exam. It was a pleasant and warm session.
