3. They are not happy with the poor internet connectivity in college.

They also want to know the Sem VI probable dates for exam.

Otherwise no other concerns or issues.

Reportmentoring session

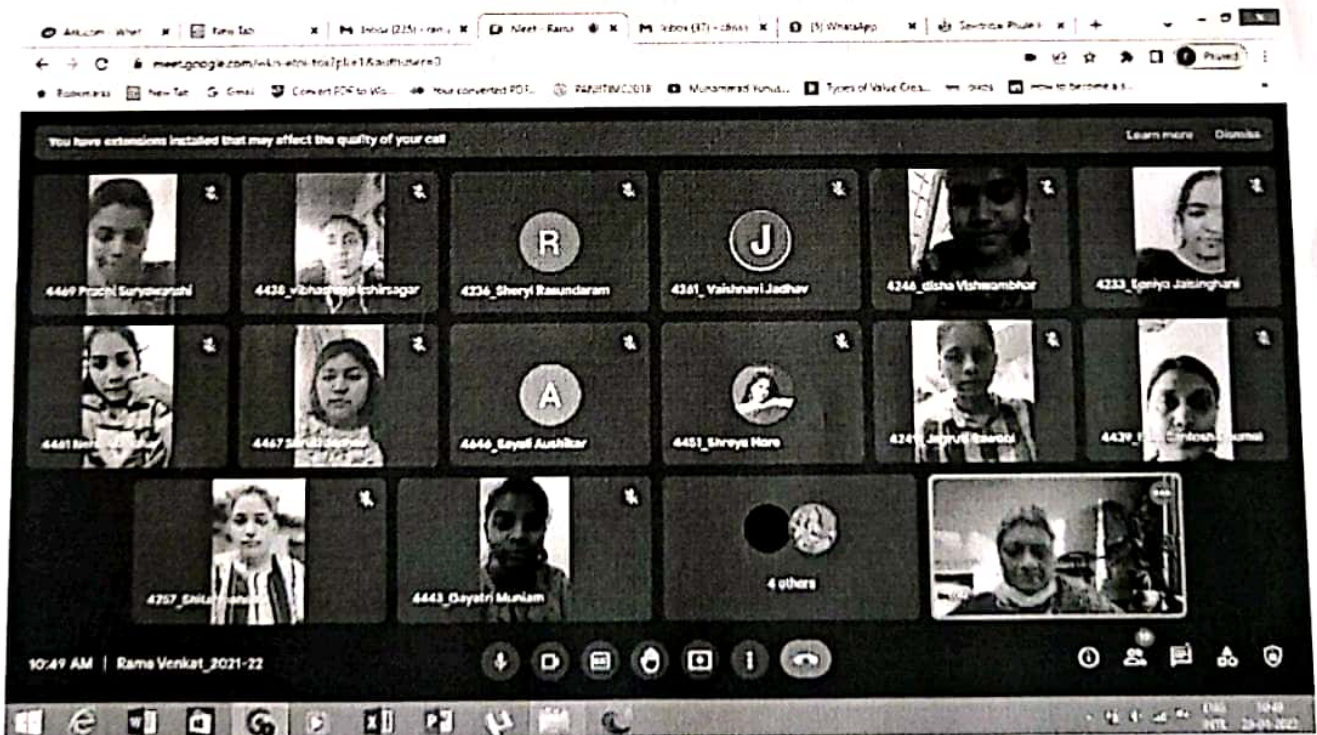

29th April 2022

The mentoring session with the TY B.Com BE specialization students on 29.4.2022 in online mode (google meet) from 10am to 10.50am. 21 girls attended the mentoring session.

Being the last mentoring session for the TY students. It was very emotional and the girls shared their experiences and learnings from the college. The girls shared their key takeaways from the college in the last 3 years in college. It was a great feeling to listen to so many positive responses and comments from the students.

Some of them also shared their future plans and asked for inputs on courses like Digital Marketing. This initiated a very interesting discussion on the various career options like M.Com, MBA, Law etc.

The mentoring session ended on a positive note of wishing the students Good Luck in all their future endeavours.
