

MENTORING REPORT

Dr. Jaya Rajagopalan

2021-22

a. Issues or problems students had under the following headings: social, cognitive and emotional-

I. Social-

1. The dual mode of learning is difficult for the students.
2. Need counselors for emergency issues as appointments are given at a very later date.

II. Cognitive-

1. Lack of awareness about one's long term goals.
2. Lack of awareness regarding good colleges and universities in India and abroad for higher education.
3. Confusion and inhibition regarding career options.

III. Emotional-

1. Adjusting to the college environment after 2 years of online lectures has demotivated the students.

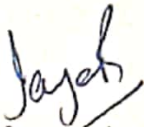

b. How you resolved them-

Social issues- The social issues were discussed with the students and were explained in the context of the policies of the college.

Cognitive issues- For the cognitive related issues the students will be helped in identifying their goals and guest lectures will be conducted with agency for gaining more information on higher education abroad.

c. The outcome of your mentoring program-

The students were in the favor of and liked the initiative of the mentoring program. They felt heard and understood.
