Fuelling up of Start-ups and MSME's on 6th March 2021

'Fuelling up of Start-ups and MSME's webinar was organized by the St. Mira's College, CWE – IIC on 06-03-2021 through Zoom Meeting.

The Session was conducted by Ms. Aparna Thadani - the co-founder of the AK's Training academy and a faculty from ACCA (The Association of Chartered Certified Accountants).

Ms. Aparna Thadani focused on the financial aspects of starting one's venture. The primary focus of the webinar revolved around differentiating between fixed capital, working capital and how to keep the business running for a longer period by managing both the capitals of the business in an efficient manner.

She also elaborated on the aspects of having a separate account; keeping track of loans (if taken), not spending prematurely and above all, check each aspect of the business before taking the next step.

The students learnt about the importance of managing one's own money when starting or running a business. Even if there is some form of dependency, one must always be aware of certain important aspects of capital such as cash flow, profits, taxes, etc
