Children's Education Trust and Navjyoti India Foundation believe that the experience of appearing in All India Talent Search Examination will enable a child to look beyond his/her class. Filling of OMR sheets, exposure to questions from logical reasoning, mathematical ability, verbal ability etc. will act as a stepping-stone for the future entrance exams for jobs/higher studies. The financial support via scholarships will boost the morale of students as well as their parents and may result in lower dropouts. This will definitely strengthen our mission towards self-reliance.
