Theatre Credit Course

Semester I

Subject Code:

Lectures (Lects.): 15/1
credit

Objectives:

- To take a theatre workshop over 5 Sundays on the theme of mental health and train them towards a performance they would stage in the college to coincide with a seminar on mental health.
- To ensure that the exercise would help the students understand better the issues pertaining to mental health, the main focus of the workshop would be its theatre component, and introducing the students to the basics of 'ensemble theatre'. This will be geared to tease out their own thinking on the meaning and implementation of 'ensemble theatre' and give full flow to their own creative processes.
- To expose the students to various artists and instructors. The course in charge will take the help of two of his colleagues to help him run the course. His senior partner and actor in the Space Theatre Ensemble, Ahmed Karim, will actively take the students through the trials and tribulations of mental health based on his own experience of mental anxieties, and evolve, based on what the girls come up with, a play-script for the production. His junior colleague and apprentice actor in the ensemble, Shivam Sardana will actively assist in the direction of the eventual production and thus help his own nascent learning in the field.

Amidst the chaos induced by COVID-19, students are dealing with various mental health concerns. UGC has already stated the guidelines and importance of preventive measures to help students deal with mental health impacts of COVID-19. St. Mira's College for Girls, Pune organised a series of Mental Well-being awareness sessions to address these mental health concerns and help students navigate through this stressful time. This series was an extension of the College's ongoing full time Mental Well-being program for their students.

The webinar series was announced on 23rd April 2020. An online survey was done to assess college student's mental health concerns during the lockdown. Students reported increased anxiety, lack of routine, depressive thoughts, and interpersonal conflicts with family members as major concerns.

Around 333 students signed up for these sessions from various colleges across country including students from Trivandrum, Visakhapatnam, Ghaziabad, Patna and various cities and towns of Maharashtra. First session was conducted on 25th April, 2020 which focused on practical skills and ways to manage Anxiety. Second session dated on 27th April, 2020 focused on building healthy Social Connections with peers and family members. This session was very well received, and students shared how the practical insight and conflict resolution skills helped them in improving their relationship with parents and identify unhealthy relationships with peers and social media. Last session of the series focused on holistic Well-being and Mindfulness. Various mindfulness techniques and exercises were practiced by the psychologist in the session to help students practice in their daily routine. 98% of the students reported that they felt relaxed and motivated after these sessions through the feedback form. Launched on March 22, 2020, the Online Support program is an extension of the college's ongoing mental wellbeing programme introduced last year.

Objectives:

2. To address psychosocial and academic stressors faced by students due to lockdown
3. Identifying students who may be at high risk for mental health concerns and reaching out to them through telephonic counselling
4. Conduction of focused group sessions for every class to address common concerns
5. Continuous sharing of information, tips and methods of mental health care through WhatsApp groups and email.

Plan of Action:

Step 1: Identifying students' needs and concerns

An online form was shared with all the students to know their mental health needs and readiness for online support groups/sessions. More than 700 students requested for online support and interaction with the college counsellor

Step 2: Familiarising students with aspects of online support group sessions.

All the important guidelines and protocols were shared with all the students explaining step by step process of joining support group sessions through ZOOM network. A well-defined timetable was also shared to make these sessions accessible to all.

Step 3: Online support group sessions- 90 minutes each

Online support group sessions started on 28th March, 2020. College counsellor has been meeting students from each class virtually where following concerns and topics are discussed:

- Mental health care- ideas and suggestions
- Dealing with lack of Motivation
- Examination stress- Prolonged gap
- Anxiety and Depressive thoughts – sharing these feelings and navigating
- Boundary setting – with family members, partners and social media

Step 4: Identifying students at high risk.

The third day, started with a session was on **Self- Defence** conducted by **Mr. Balkrishna Bhandari, Sports Coach and Taekwondo Expert**. Mr. Bhandari first explained how self defense is very closely related to self-confidence. He said that in today's world when incidences of abuse and violence against women is consistently increasing, the first and obvious reaction of the family is to increase restrictions on girls. This affects their self-confidence. Instead, if the girls are taught to protect themselves, they can move around without any fear. Mr. Bhandari then showed simple means of self-defence which the girls can use to protect themselves in regular situations like bus travel. Then he demonstrated self-defense tactics to be used in situations of physical violence or eve-teasing involving physical abuse. He showed how simple techniques using one's reflects can be employed to defend oneself. Mr. Bhandari then demonstrated with the help of volunteers some very useful self-defence actions which the girls have to learn only through regular practice. He then conducted an elaborate practice session for students of all self-defence tactics he had shown. At the end he said that self-defence exercises must be practiced on a regular basis and not remain only at a workshop level where most participants forget it very quickly. Girls promised that they will imbibe it properly as they have understood the importance of self-defence.

The second session was by Mrs Vanita on Journey of an Women Entrepreneur. She shared her experiences as a Women entrepreneur, ideas for start ups, background, finance required, struggle for organizing the events, challenges with the co-workers and sometimes loss in the business. She also identified some of the students who can start up in some creative activities that they are interested in.

The third session was on Grass root Innovations conducted by Mr. Sathya Natrajan. He interacted with students by narrating stories of Grass root Innovations Entrepreneurs. He inspired many students to initiate the startups. He also shared his experiences on the projects that he had worked and how new entrepreneurs can get success.
