4. 'Disposal of Plastic Waste' was explained to the students through videos.

Three videos were screened for them. First video introduced them with plastic waste and it suggested small things which we can do for creating less plastic waste. In the 2nd video some organizations gave insight on how they used plastic for creating new beautiful daily plastic things from the old plastic. Another video showcased that wearing a cloth mask is also dangerous for environment and create awareness about other masks which are made from plants.

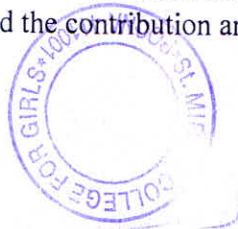

5. Clean and Healthy India – Contribution of the Youth

To bring out the role of youth in achieving a Clean and Healthy India under the (SwachhavaSwastha Bharat Abhiyaan), a very touching and impactful video on the importance of the Segregation of Wet Waste and Dry Waste - 'Mera Baba DeshChalata Hai' – was shown to the NSS volunteers. This video sensitized the students to the problems and fears of the families of workers who positively contribute to the cleanliness of the city's waste management system by risking their health and their lives. The solution to this was of taking the responsibility on ourselves of being responsible citizens and segregating our waste at source itself and helping them in the process.

6. Display of Books on Swami Vivekananda by the Library

The College Library arranged for a display of books on Swami Vivekananda, his life, his teachings, quotes, etc. to give students and staff an opportunity to access these books easily and get an opportunity to read the contribution and achievement of this great personality.

World Environment Day – 5th June 2021

St Mira's College for Girls, Pune NSS Department organized the **World Environment Day Awareness Program – 2021 on 5th June 2021** in association with the **JeevitNadi Foundation**.

“A better environmental future requires better environmental awareness for future generations.” The United Nations (UN) celebrates 'World Environment Day' on 5th June every year globally. World Environment Day is celebrated with the aim of taking positive steps to protect the environment from polluting the earth and to inspire people around the world in this direction.

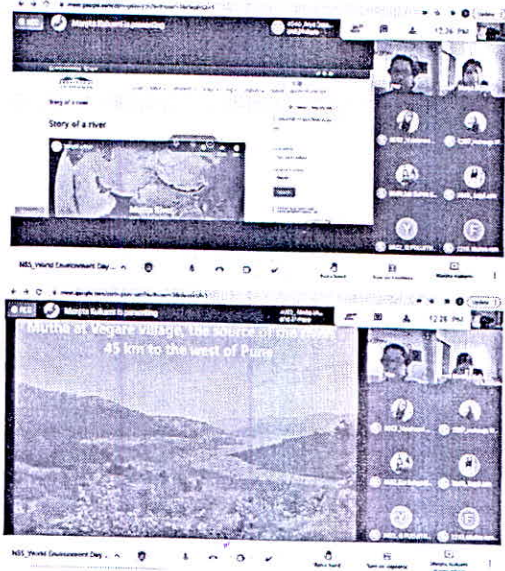

NSS PO, Dr. Sandhya Pandit introduced the session by sharing the objectives of celebrating this event with the students.

- To spread awareness among the public about issues related to the environment.
- To encourage people living in society and communities to contribute as active representatives in this campaign.
- To motivate people to clean up the surrounding areas for better start of this campaign with our NSS volunteers as ambassadors.

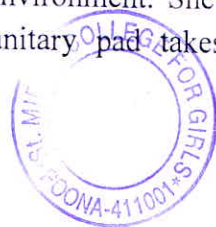

Following activities were undertaken to mark this day:

1. 2 Videos were shown to the students – One video was by the JeevitNadi Foundation – ‘The Story of a River’ – which shared the condition of the Mula-Mutha river then and now. Since this river is in Pune it created awareness among the students of how important it is to keep the river clean for protecting the biodiversity of this city. The second video was on ‘Importance of Tree Plantation’ – shown to create awareness on the importance of Oxygen against the background of the Covid-19 Pandemic. – 42 students participated in this.

2. NSS volunteers also shared their initiatives on saving the environment through a discussion in the end. Bhavika Naik shared her way of contributing to saving the environment. She said, “I have started using menstrual cup from last week since a sanitary pad takes more than 500 yrs to decompose and

approximately one woman uses about 10000 pads in her entire life. This is my small contribution□”.

3. Vaishnavi Kshirsagar shared the idea of planting a tree on birthdays of each family member. She has so far planted 300 trees in her garden and also planted one more on this occasion to mark the World Environment Day.
4. Teaching and Non-teaching Staff were encouraged to clean their emails – for this a post shared by Bhavika, an NSS volunteer was

forwarded to them to help them realise the necessity of deleting unnecessary emails which contributes to polluting the environment. – We reached 50 staff members through this post.

COVID RESOURCES STUDENTS' ASSOCIATION (2020-21)

Covid Resources Students' Association is a initiative started by Taarini Das, Urvi Shetty and Karuna Das, our students who came together to help India heal via Social Media!

They thought it was important for such a campaign to be carried out because it clearly was the need of the hour. They wanted people to spend time with their loved ones during these times rather than run around for resources.

CRSA India helps people by providing well researched and accurate verified information to fulfill their requirements. They have a team of enthusiastic volunteers from around the country (103) helping them to be more, learn more and help more. In the span of 3 weeks, they have been able to help around 2000 people around India and have decided to be there for people as long as they're needed to be.

They have a team for collection of well researched data and resources from different social media platforms, websites. Once the resources have been sent on the group, CRSA India volunteer heads for every state make sure that most of the data is verified and updated on the spreadsheet that consists of all genuine and verified data made available for everyone in need.

The group has a Google meeting from 10 AM to 10 PM every day for the entire team whoever is free to join. On this call, the team helps in verification of all data. They personally call up all the resources on the spreadsheet every day to confirm availabilities.

The team gets a lot of requests through their personal social media handles and also their main Instagram page - @CRSAIndia. The team try to help as many people as they can.

The second wave of Covid 19 has been brutal as compared to the first one in 2020. Reportedly, the cases went more than 2,80,000 in a single day in the country with shortage of oxygen, hospital beds, medicines and injections, which caused a panic and a sense of chaos across the country where people resorted to social media asking for help.

In Pune, citizens took it on themselves to bridge the gap between people who were seeking the resources and the people providing it. Bhavjeet Walla, 22, student, says, "We're essentially trying to collate, verify and deliver information existing on public domains, to people who may need it. There are volunteers who are either trying to find information like beds or ICUs available in a particular city, making phone calls to verify leads that are found and facilitating SOS messages requesting information/resources about their specific needs." He adds

I was getting requests from relatives of patients for resources in the city.

that these people are not from medical backgrounds, not emotionally prepared for horrid realities of what's going on in the world around them. "Most of these people are doing it out of an immense amount of grief, trauma and loss," he shares.

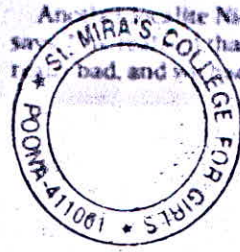

Another volunteer Nida Siddiqui says, "I was shocked that things are so bad, and I had to do

something. We made a linktree list of all the major resources we could find. I call up the numbers and verify the contacts, and check if the resources are available and share it further." She adds, "It takes a toll on your mental health. We were looking for oxygen for a patient the entire day, and by the time we procured it I was exhausted and it was really difficult."

Dr Gulshan Gidwani, principal, St Mira's College, says, "I was getting requests from relatives of patients for resources in the city and I was sharing the same with student and alumni groups to look for leads. The NSS students came together as I couldn't call and verify all the numbers and check for availability." She adds they contacted all the resources and managed to help people with oxygen cylinders, hospital beds, plasma donors and even money.

Pune: With the entire country battling the second wave of COVID-19, we need all the help we can get. Even as the fight against the COVID outbreak in the state is on a war footing, COVID patients are finding it difficult to find hospital beds. In a bid to tackle the problem, a group of 25 NSS volunteers of St Mira's College are helping the CRSA (COVID Resource Students Association) formed with the initiative of one student of St Mira's with her friend to help patients find verified resources.

COVID Resource Student Association (CRSA) is an initiative started by Taarini Das, Urvi Shetty (a Sociology student of St Mira's College) and Karuna Das. The initiative is fully run by students to help people in dire need of COVID resources by providing verified and well-researched data.

According to the group, it was important to conduct such a campaign simply because it is the need of the hour. CRSA wanted to help people with verified information so that instead of running around for resources, people could attend to the needs of their loved ones. It was also set up to boost people's morale since the association couldn't be directly involved in supplying resources.

The initiative came to life when Taarini, Urvi, and Karuna connected via social media and decided to do their bit in helping the country heal and get through these trying times. The project started in April, with only 4 volunteers. However, with the help of their respective colleges and social media, the toll has gone up to 111. The volunteers are working tirelessly for this cause.

A group of 25 NSS volunteers of St Mira's College are helping the CRSA (Covid Resource Students Association) formed with the initiative of one Sociology student of St Mira's with her friend as the work was too overwhelming for the core team. This was in response to a call by their Principal, Dr GH Gidwani to come forward and help. Together they are working on helping COVID patients and their families to get access to resources like medicines and injections keeping the government regulations in mind, real-time availability of ICU and oxygen beds, plasma donors, tiffin facilities, ambulance services to name a few.

In this huge endeavour, the NSS volunteers group is helping them in the data collection and verification of the data across the country. In a short span of three days, the team has succeeded in helping about 30 patients. The team has helped patients not only from Pune but also from the cities like Agra, Bengaluru, Delhi, Mumbai, Jaipur, Jhansi and Dehradun. This group of volunteers together were able to help around 2,000

people across the country through various social media platforms.

According to the core team, "Over the last two weeks, we've seen people cry out for help. We have helped as many as we could have. Even though the number seems small and sometimes the person in need fails to get the resources on time, this does not stop us from taking the next step towards kindness. All it takes is 20 seconds of courage to make the next call, to look for people in need, find more resources, to help as many as we can. The three of us have found a home away from home in each other."

"Finding our way back to our WhatsApp group, talking about how our day went, becoming each other's checkpoints, and we eventually have become a big family. Managing everything with college and home is extremely difficult, but the fact that we can provide someone with something that they urgently need gives us purpose -to do more, to be more and to learn more," it added.

When the CRSA volunteers receive messages from people thanking them for leads, resources or even some moral support, they feel even more encouraged to keep helping people every day.

Every day posts dire challenges, but it is the relentless spirit that keeps students motivated. With a strong workforce, they intend to stay on board as long as people need them.

Every year since 2008, November 11 is celebrated as education day to commemorate the birth anniversary of Maulana Abul Kalam Azad. Maulana Azad was independent India's first education minister.

Prof. Hasina Shaikh, Head, Department of Education, conveyed the importance of National Education Day to the students. The students were informed about the great work and tremendous efforts taken by Maulana Azad for building of the nation through education.

To celebrate this day, the following activities were conducted:

1. **A Webinar on 'National Education Day – Its Significance in today's Life'**

With self-confidence comes self-respect. Prof. Shaikh highlighted to the students Maulana Azad's emphasis on skill based education; He said, "We want employment generators and not employment seekers." Therefore, students need to be focused, self-reliant and confident because that will give you your identity.

Girl education should also be emphasized on as it educates the entire family. Prof. Shaikh felt this day needs to be celebrated all 365 days to achieve 100% literacy in our country. She encouraged and motivated the students to take an oath to have the courage to educate people from lower sections of the society and give them our time and

provide basic education to them which will help develop interest in them for further education. This way they can take advantage of the various opportunities provided by the

As a part of the Organ Donation Awareness Week, the NSS department undertook the following activities in order to create awareness, encourage and inspire staff, students, non-teaching staff, friends, family, relatives and the neighborhood people to take the pledge to donate their organs and contribute to this great cause. Through these activities everyone was made aware of our duty towards the nation and that donation of organs is a very humble cause through which they can contribute to the society at large.

13th August, 2020 – 'Inauguration of Organ Donation Awareness Week'

The NSS students virtually participated in the inauguration function of the Organ Donation Awareness Week organized by the SPPU-NSS department at the hands of our Honourable Governor Bhagat Singh Koshiyari. Before this programme the students were also sent messages on what's app to speak to their parents and make them aware of this campaign.

14th August, 2020 – 'Fir Zindagi – Life Starts'

Every year to spread awareness on the topic of organ donation the NSS department organizes a guest lecturer to speak on the same. But due to the Covid crises this year the session was conducted virtually on Facebook by Savitribai Phule Pune University-NSS. Mrs. Aarti Gokhale, central coordinator of ZTCC Pune, was invited to speak and enlighten all NSS volunteers on the subject of organ donation.

“Organ donation is a very important topic for students to know about, but talking about it is even more important” said Mrs Gokhale. Organs can be donated in many ways. For instance if a person dies in an accident and he or she is declared brain dead, with the consent of their family members organs can be donated and made available for patients in need. “Unfortunately in India there are very few organ donors as compared to other foreign countries “added Mrs Gokhale. She also stated the reason as to why it is that way. Carrying on Aarti ma'am explained the role of media and how it helps in spreading awareness to people.

In conclusion Mrs. Aarti Gokhale encouraged all the NSS volunteers to spread awareness about organ donation and save lives.

15th August, 2020 – ‘Orientation on Organ Donation’

An orientation of the students regarding the importance of organ donation was done. Initially, a short and impactful video on ‘Organ Donation’ was shown to the students which showed them the joy and satisfaction of loved ones to see their near and dear ones alive because of a noble cause of organ donation by one person and family. This was followed by a discussion over it regarding the current data of loss of lives due to organ failure, importance of organ donation and benefits of organ donation.

18th August, 2020 –‘Awareness creation among College Staff and Non-Teaching Staff’

In order to create awareness, motivate and encourage the Teaching and Non-teaching staff of the college towards Organ Donation, the NSS POs spoke to them informally and cleared any doubts they had regarding the same. 19th August, 2020 – ‘Inspiration Talk to motivate for Organ Donation’

Dr. Meenal Sumant from the Department of Economics spoke to the students about Organ Donation. The reason why Dr. Sumant was the right person for this was because she had pledged for organ donation last year with her husband. This was important because the NSS volunteers got first-hand information from their teacher who has actually taken the pledge which definitely inspired many volunteers.

Dr. Sumant spoke about the necessity of organ donation by giving the actual statistical data, where we can see the requirement of organ donation. Madam explained the importance of this, the need to create awareness and types of organ donation. She also mentioned the age where we can donate our organs and even the restrictions of the age where we cannot donate some particular organs. Dr. Meenal shared her personal experiences about how she decided to pledge for donating her organs and encouraged the volunteers.

26 Students were present for this awareness lecture. Some girls shared their information about organ donation and asked their queries.

20th August, 2020 – ‘Creating Awareness through Social Media platforms’

A short video was made by the students and was shared on the College Facebook and Instagram pages. Many teachers and NSS volunteers shared this video on their own FB and Insta pages with the hope and intention of creating an unending chain of reaching out to the millions of people using these platforms in times of Covid. The efforts of the students was highly appreciated. The NSS volunteers also posted slogans and posters made by them on What's App statuses and FB and Insta stories which were viewed by many of their friends, family and relatives. Through this the volunteers reached about 1500 people who saw their FB stories and

Unity Day
30th Oct, 2019

Report

The Department of NSS celebrated National Unity Day on 24th of October as Diwali vacation is starting from 31st Oct, 2019. Dr. Meenal Sumant conveyed the importance of National Unity Day to the students. A birth anniversary of Late Sardar Vallabh Bhai Patel is celebrated as a National Unity Day, so the students were enlightened about the great work and tremendous efforts taken by him for the unity of India.

All the students and teaches took pledge to be united and to maintain the unity of India.

A video on unity was shown to the students. As it was a carton film, students could better relate it to themselves. The carton film on Ek and Anek aptly explained the importance of unity. The strength of the unity was explained with the help of a story of unity of pigeons and mice against the hunter.
