GREEN CLUB ACTIVITY

Green Trek

7.11.18 .

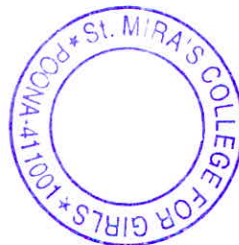

The two-pronged approach of the Green Club—advocacy and engagement— was put into effect with one of the most popular and well-received Green Club activities of the year: the Inaugural Green Trek. On Saturday, 8th December 2018, 30 highly enthusiastic students from the college visited Parvati Hill, in Pune city. The objective of the trek was four-fold: firstly, an active engagement of the students with the city and a clean-up of its environs; students learning to take up responsibilities; spreading awareness of the state of our environment, all while having fun. Students realised the impact of improper waste disposal on their environment and helped execute viable solutions to these issues. The group, along with teachers, left college by bus at 7:30 am. On reaching Parvati, they started an extensive clean-up campaign that lasted 2 hours! Students succeeded in collecting 12 whole gunny bags of waste (mainly paper and plastic). Adar Poonawala Clean City Initiative kindly sponsored gloves for students' safety and hygiene, as well as helped the students in the safe disposal of waste collected. The students also visited the Parvati Peshwa museum located atop the hill, thereby enhancing their knowledge about the city's culture and history. After some tasty snacks and a bit of fun dancing, students returned to college by noon, tired but content with the knowledge of having taken a 'clean and green' initiative for their city. The Trek was commended by several and was featured on Page 4 of The Pune Mirror on 9th December 2018.
